

2018 4-H Honey Bee Essays

Sponsored by: The Foundation for the Preservation of Honey Bees, Inc.

2018 Essay Topic

“What's So Super About the Super Organism in the Honey Bee?”

The honey bee continues to be on everyone’s mind. From beekeepers to scientists to the public, the honey bee is a great *super organism*. What does this mean to you, to your community and to the world? Put on your thinking caps and GO! (Please do not reference Albert Einstein in your work.)

The scope of the research is an essential judging criterion, accounting for 40% of your score. The number of sources consulted, the authority of the sources, and the variety of the sources are all evaluated.

Personal interviews with beekeepers and others familiar with the subject are valued sources of information and should be documented. Sources, which are not cited in the endnotes, should be listed in a “Resources” or “Bibliography” list.

Note that “honey bee” is properly spelled as two words, even though many otherwise authoritative references spell it as one word.
