

J-C Angus - Feed Efficient Reference Sires

R B Tour of Duty 177 – AI Sire

Athletic, Powerful, Docile. This son of Werner War Party is one of the hottest bulls in the breed with limited semen availability due to the strong demand. He combines moderate calving ease with explosive growth in the top 3% of the breed, and has terrific Rib Eye, \$W, \$F, and \$B EPDS. According to the Angus Association, the best predictor for feed efficiency is the RADG (Residual Average Daily Gain) EPD. Tour of Duty has a .34 RADG EPD ranking in the top 1% of the breed!
