IMPORTANT: PLEASE READ

If you are new or returning it is important to read through the Youth Hall section of the Fair book. All county classes are listed in a box. This will make it clear to the exhibitor about the award system and which projects qualify for State Fair.

Note: Because of security and space limitations, extremely large/heavy project exhibits may not be accepted for display in the 4-H Youth Hall Department; call 243-1386 for prior approval on large Woods, Welding or other large project displays. This only applies to actual items – posters, display boards, and vertical displays may not be over-sized. We cannot guarantee that oversized items will be placed behind glass.

Note: The following Sections will apply to all classes throughout this department unless otherwise noted:

SECTION N – NOVICE (8 years old and in the third grade or 9-11)

SECTION J – JUNIOR (11 years old and in the 6th grade or 12-13)

SECTION S – SENIOR (13 years old and in the 8th grade or 14-19)

HOW TO REGISTER YOUR PROJECTS

1. Log into the Fair Entry website with your 4HOnline log in.
2. Look up the department your projects fall under. (Check the Index)

Example: *Exhibit about digestive system of a horse (Poster)
Record Book for the above project*

These projects fall under the **Horse Project**. The poster project is listed in the Fair book like this:

1. NM 4-H Horse Project

A class with just a number is eligible for State Fair and you must be enrolled in the project to be eligible to compete in the class.

The project book falls under **PROJECT BOOKS**. Go down the list to find horse project, which is listed in the Fair book as this:

C-17 Completed Project Workbook or County Record Book Horse project

A class with a “**C**” is a county class. It is **NOT** eligible for State Fair or Champion Awards and is awarded under Danish Award System.

3. Print your final registration and bring it along with a check for the total amount of entries to Virginia at the Extension Office.

Dairy Goats and Breeding Stock must be owned and records kept from May 1 of the current year. Horse and Market Animals ownership is June 1. A statement of ownership and drug use must also be certified on the fair entry forms. If certificates of ownership are not in the 4-H office by the due date, your livestock will not be ear tagged for the show.
2. Horses shown in the general division which are not owned by the 4-H member must have an affidavit from the owner stating that the 4-H member manages the horse 75% of the time and has full access to the use of the horse.
3. Exhibitors will only be allowed to show five (5) animals of a species that have been ear tagged. There is not a limit on the number of project animal's ear tagged. All livestock will be inspected for diseases and proper identification at the fair. The schedule for inspection will be provided prior to the Fair. The exhibitors must be prepared to provide proof of ownership if requested. Market Steers, Market Goats and Lambs will not be mouthed, but once it has been shown in the Bernalillo County 4-H Fair, it can **never** be shown again as a market animal in the Bernalillo County 4-H Fair. If an animal is thought to be the same animal shown in a prior year, and if confirmed, will not be ear tagged for the County Fair.
6. Exhibitors must furnish their own feed and take care of their own animals. PENS AND STALLS MUST BE CLEANED DAILY. After the livestock sale and before check out time the pens and stalls must be cleaned and check out forms must be signed by a fair official before the five (5) dollar stall fee will be refunded.
7. Animals should not be taken into tack rooms for any reason.
8. Any livestock exhibitor found guilty of any unethical practices, or any practice deemed unethical by the 4-H fairboard will forfeit all awards and sale money, if any, received by the exhibitor. The owner of the animal will be barred from future participation until such a time as reinstatement is made by the 4-H board.
The following are some examples of unethical practices:
 - (a) Doctoring, doping, or injecting animals for body "fillins" of any type.
 - (b) The alteration, changing, defacing, or any modification of the markings of the body structure of the animal.

- (c) The purposely rendering of harmful or damaging treatment to another exhibitor's livestock.
 - (d) Removal, alteration, damaging or changing of ear tags.
 - (e) Force feeding of water or other liquids or the application of water or other liquids to the fleece of a lamb for the purpose of additional weight.
 - (f) External application of such things as liniments and blistering agents that could cause any change in skin condition.
 - (g) Force feeding water prior to weigh-in.
9. Instruction in fitting or grooming animals is allowed. *However, the 4-H member must be actively involved in this process.* Assistance from Club Leaders, Junior leaders, 1 fitter or their 4-H members is permitted.
 10. Adults are not allowed to coach exhibitors while in the show ring.
 11. No one, except exhibitors and officials, will be allowed in the show ring while the animals are being judged.
 12. Any violation of rules can result in dis-qualification of the offender from the show and/or sale and the forfeiture of all awards and sales money, if any, received by the exhibitor.
 13. All market Lambs, Swine, and Steers will weigh-in according to the schedule. All exhibitors must be present for the weigh in and at that time declare the classification of all Lambs and Swine. At the time of judging, should the judge disagree with the classification of an animal, the animal will be removed from the class and be shown in the other breed classification. Should the judge believe that an animal will not grade or should be removed from the show, his decision will be final.
 14. Market animals will be officially weighed and graded only one time during the scheduled weigh-in period. The weigh-in is presided over by the Adult and Junior Department superintendents with assistance from the other department superintendents, county agent and livestock committee members. The Pigs and Lamb will be weighed on a portable scale.
 15. Market animals that do not meet weight or grade requirements will be (sifted) disqualified. A special class will be available for these animals. The Danish system of judging will be used for the sifted classes.
 16. If a 4-H exhibitor is also a member of a FFA chapter in another county that member must choose which county program (Fair) they will show in during the year. If a 4-H exhibitor is also a FFA member they must have their FFA Advisor submit written approval for the individual to show in the Bernalillo County 4-H Fair and not requiring him/her to show in another County Program for a grade. (If the rule is broken the individual will forfeit all sale money)
 17. All animals must be shown by their owners in both the judging arena and the sale ring. Failure to show your animal at the prescribed time or make arrangements with the superintendent for a substitute will result in disqualification from that class. No exceptions will be made except as follows:
 - (a) The 4-H'er has prior knowledge that they will not be able to participate in the fair. The Fair Board must be made aware of the conflict and approve the exception.
 - (b) A conflict in scheduling or and emergency (illness, family death, etc.) then it must be approved by the superintendent and/or adult advisor.

(c) The owner has 2 or more animals in the same class.

In any case, arrangements must be made with the superintendents and/or adult supervisor for a substitute.

(d) The owner has a disability preventing conventional means, then adaptations will be developed between parent, exhibitor, show superintendent and extension staff, to enable owner to participate at their fullest capability, without penalty, in the show. No separate class will be made.

18. Project animals must be shown by conventional means of other animals in the show. An adult ring steward will be provided in each show ring to assist exhibitors with control of the animals.
19. Judges of the livestock will offer reasons for placing at the time of judging. Decisions of the judge are final and not subject to protest or appeal.
20. Champion and Reserve champion male and female of each breed in Dairy Goat, Dairy Heifer, Breeding Sheep and Breeding Beef and the Champion and Reserve Champion Market Steer, Market Lamb, Market Goat and Market Swine will be selected if in opinion of the judges they merit this award.
21. Market animal exhibits will be officially weighed and graded only one time. The weigh master reserves the right to check the balance of the scales in borderline case. Market animals that do not meet weight and/or grade requirements for the respective classes will be disqualified from competition. The weigh-in schedule for livestock is tentative, since the number of animals entered determines the time required to complete the weighing process.
22. Adult handling of livestock will only be permitted for safety reasons or at the discretion of the department adult supervisor. Example: Moving steers from tie up to wash racks.
23. All "county fair" heifers & market steers will be identified by April 15 of the current year. Lambs, Hogs, Goats & Dairy Heifers must be ear-tagged by June 1, 2017.
24. Offspring born to 4-H project animals after the ownership dates specified elsewhere in the book are eligible to be shown in the fair providing the animals meet all department requirements.
25. The total number of entries will determine the number of weight divisions as follows (Swine and Lamb only):

7 through 12.....	Light and Heavy
13 through 18	Light, Medium and Heavy
19 through 24.....	Light, Medium Light, Medium Heavy and Heavy

26. All exhibitors must comply with New Mexico Livestock Board Health regulations that have been or may be issued concerning show animals.
27. Animal Welfare: It is the responsibility of all exhibitors to provide proper and humane care and treatment to animals. Fair Official(s) reserves the right to disqualify and remove any exhibitor deemed to be in violation of this basic principle of animal

28. Emergency Treatment: If an animal requires emergency treatment while on Show grounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive.
29. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. Furthermore, A certified Veterinarian, in agreement with Show Management, reserve the right to treat any animal if, in the opinion of the Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Veterinarian administers treatment to an animal, and therefore uses any medication that does not meet the appropriate withdrawal and/or elimination time, the animal will be determined ineligible for competition.
30. Treatment Cost: All treatment costs are the responsibility of the exhibitor.

This code applies to any exhibitor who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. All adult leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Requirements and restrictions for horses entering Canada may be accessed through the following link:
http://www.aphis.usda.gov/regulations/vs/iregs/animals/downloads/ca_eq.pdf

**Equine exhibitors, their veterinarians, and horse show officials
should be aware that the occurrence of disease incidents of significance in the State
may result in alterations in the State Equine Entry Requirements.**

Occurrence of diseases or conditions that may lead to changes in entry requirements may include:

- 1) **Equine Herpes Virus -1 (nEHV-1 also known as Equine Herpes Myeloencephalopathy)** – An increase of cases associated with this highly contagious and sometime fatal disease has been seen over the past several years across the U.S. Good biosecurity practices while exhibiting animals and prompt reporting when clinical signs are observed is essential.
- 2) **Vesicular Stomatitis Virus (VSV):** New Mexico periodically experiences incidents of VSV, an important vector-borne viral disease that affects multiple species of animals. Incidents of VSV in the state impacts movement of livestock from specific premises, the state and the country.
- 3) **Equine Piroplasmosis (EP):** Equine Piroplasmosis, a vector-borne parasitic disease of equids, is a foreign animal disease to the US. Should a case be detected, there will be restrictions imposed by many states on horses returning to their states of origin.
- 4) **Ear Ticks:** Past incidents of horses with ear tick, some leading to fatal neurologic disease, after return home from exhibitions in New Mexico have been reported. Horse show management should ensure that all horse stalls and surrounding areas are treated with acaracides before exhibition horses arrive on the show grounds.
