IMPORTANT: PLEASE READ

If you are new or returning it is important to read through the Youth Hall section of the Fair book. All county classes are listed in a shaded box. This will make it clear to the exhibitor about the award system and which projects qualify for State Fair.

Any project created as a group, with adult help, or in a school setting where the exhibitor is not a registered 4-H member, will be displayed and given participation awards.

Note: Because of security and space limitations, extremely large/heavy project exhibits may not be accepted for display in the 4-H Youth Hall Department; call 243-1386 for prior approval on large Woods, Welding or other large project displays. This only applies to actual items – posters, display boards, and vertical displays may not be oversized. We cannot guarantee that oversized items will be placed behind glass.

Note: The following Sections will apply to all classes throughout this department unless otherwise noted:

Ages are all determined as of January 1st of the current year:

SECTION N – NOVICE (8 years old and in the third grade or 9-11)

SECTION J – JUNIOR (11 years old and in the 6th grade or 12-13)

SECTION S – SENIOR (13 years old and in the 8th grade or 14-19)

- Showmanship in each species will consist of combined scores from the knowledge test and the exhibitor's verbal presentation to the judge.
- For Round Robin – 4-H members will be required to show a rabbit, poultry, cavy and a dog.

- In order to maintain judging integrity and maintain the appearance of fairness, parents of exhibitors are not allowed in the judging area and are not allowed to speak with judges other than accepting feedback. Non-partisan judge helpers will be designated by the species superintendent.

SMALL ANIMAL ROUND ROBIN - The winning Champion showmen of each species will compete by showing each other's animals. Example: Poultry Showman winner will show the Rabbit, Cavy and Dog entries for each age group (novice, junior and senior.) They will be *automatically awarded maximum (100) points for showmanship in their species*. The following rules will apply:

- The highest scoring showman (novice, junior or senior) in each species will be award grand champion. 4H members who are awarded grand champion showmanship in their species will advance to the round robin competition.
- If a 4H member wins grand champion showman in multiple species, they will represent the animal where the highest score was achieved, which will leave a species slot to be filled by the 4H member who achieved the next highest score. Exhibitors are encouraged to remain at the fair until round robin participants are announced to ensure each participant will be given the opportunity to engage in the pre-competition prep activities.
- Small animal round robin 4H members will compete within their own age group, novice, junior and senior. A round robin grand champion will be selected in each age group (novice, junior and senior.)

- Each Champion showman of his species will give a courtesy demonstration at the beginning of the contest. Judges may narrate and give pointers.
- Each Champion will show the animals selected for the Round Robin and be judged for points. The 4-H member will bring to the round robin competition the animal they used during showmanship judging, except for seniors. For the senior round robin competition, the judge may elect to choose any animal in the barn (owner approval required). If there is a safety concern, the animal best suited for Round Robin will be discussed and selected by the Livestock agent and species superintendent.
- Qualified judges will judge each species.
- Contestants will be required to demonstrate control and knowledge of each species. The required equipment will be provided to show the dog.
- *Replacement of unruly animals will be at the discretion of the Livestock Agent or the superintendent.*
- In the event of a tie in the final Round Robin scores, questions will be asked in a "sudden death" style to determine the winner. Participants will stand on opposite sides of the show

ring and answer questions, until one of them cannot answer. The winner is the participant that answers the most questions.

- Scores will be tabulated and validated by the official scorer, County Livestock Agent and species superintendent.
- One official handler will assist with the rotations if needed.
- The ring steward will announce movements; introduce contestants, judges, etc.
- Grand Champion Round Robin Showman can win once in each age group Novice, Junior and Senior/species. Once you win Round Robin with one species you cannot participate in Round Robin with that Species until you are in the next age group.

6. Determination of High Point Awards:
 - a. The point system will be based off the 6 points for a full class. A full class means a class with 6 or more entries. Points will be awarded: 1st = 6 points, 2nd = 5 points, 3rd – 4 points, 4th – 3 points, 5th – 2 points, 6th = 1 point. 6 Points will still be awarded to the 1st place winner if a participant in the class is disqualified.
 - b. If a class has 5 or less entries, then points should be given for the number of class entries. (Example: 1st = 5 points for a class of five, 4 points for a class of four, etc.)
 - c. The winner is determined by adding the points earned by each contestant with each dog in which she/he has placed in the top six. Points are compiled on a one-dog, one 4-H member basis.
 - d. In the event of a tie in the 4-H member's age group for the High Point Award, the placing of the Showmanship class will be used to break the tie.
7. Every exhibitor will be expected to help with setup/takedown.
8. You are responsible for the behavior of your dog. Disruptive, noisy, or aggressive behavior will not be tolerated. No running around on the show grounds

LIVESTOCK DEPARTMENTS

DEPARTMENT E – LIVESTOCK – GENERAL

(Also see Department rules)

1. All Market Animals and Horses must meet ownership requirements. Market Steer and Breeding Heifer ownership is by April 15th of the current year. Goats, Swine, Lambs and Dairy Heifer ownership is June 1. A statement of ownership and drug use must also be certified on the fair entry forms. If certificates of ownership are not in the 4-H office by the due date, your livestock will not be ear tagged for the show.

2. Horses shown in the general division which are not owned by the 4 H member must have an affidavit from the owner stating that the 4 H member manages the horse 75% of the time and has full access to the use of the horse.

3. Exhibitors will only be allowed to show six (6) animals of a species (the total number of entries in a species includes both market & breeding) that have been ear tagged. There is not a limit on the number of project animal's ear tagged. All livestock will be inspected for diseases and proper identification at the fair. The schedule for inspection will be provided prior to the Fair. The exhibitors must be prepared to provide proof of ownership if requested. Market Steers, Market Goats and Lambs will not be mouthed, but once it has been shown in the Bernalillo County 4-H Fair, it can **never** be shown again as a market animal in the Bernalillo County 4-H Fair. If an animal is thought to be the same animal shown in a prior year, and if confirmed, will not be ear tagged for the County Fair. Ear tags must be intact at the time of check-in. If an ear tag is lost or missing, notification must be provided to the species Superintendent and Agent prior to check-in so that a new tag can be assigned.

4. a.) Pens will be assigned by the superintendents prior to arrival. If you need special accommodation, please contact the superintendent at least 2 weeks prior to check-in, the superintendent, along with the 4-H Agent, will determine if your needs can be accommodated.

b.) Exhibitors must provide their own feed and take care of their own animals. PENS AND STALLS MUST BE CLEANED DAILY. After the livestock sale and before check-out time the pens and stalls must be cleaned. Before leaving the Fairgrounds, the exhibitor must schedule a stall inspection with the Department Superintendent. Failure to do so may result in a disqualification of awards.

5. Animals should not be taken into tack rooms for any reason.

6. Any livestock exhibitor found guilty of any unethical practices, or any practice deemed unethical by the 4-H Fair Board will forfeit all awards and sale money, if any, received by the exhibitor. The owner of the animal will be barred from future participation until such a time as reinstatement is made by the 4-H board.

The following are some examples of unethical practices:

- a. Doctoring, doping, or injecting animals for body "fillins" of any type. In accordance with New Mexico Expo previous year Premium book found at <https://statefair.exponm.com/p/participate/competitions/livestock-shows>
- b. The alteration, changing, defacing, or any modification of the markings of the body structure of the animal.
- c. The purpose rendering of harmful or damaging treatment to another exhibitor's livestock.
- d. Removal, alteration, damaging or changing of ear tags.
- e. Force feeding of water or other liquids or the application of water of other liquids to the fleece of a lamb for the purpose of additional weight.
- f. External application of such things as liniments and blistering agents that could cause any change in skin condition.
- g. Force feeding water prior to weigh-in.

7. Each exhibitor is responsible for the care and fitting of his or her animal. The exhibitor's immediate family, legal guardian, 4-H leader, and other 4-H participants may offer instruction and assistance if required. It is preferable that the exhibitor be present. The exhibitor should be present during fitting etc. on show day. No professional fitter may work on any animal in any species.

8. Adults are not allowed to coach exhibitors while in the show ring.

9. No one, except exhibitors and officials, will be allowed in the show ring while the animals are being judged.

10. All market lambs, market goats, market swine, and market steers will weigh-in according to the schedule. The weigh-in is presided over by the Adult Department superintendent with assistance from the other department superintendents, county agent and livestock committee members. All exhibitors must be present for the weigh-in. However, if there is a known conflict, it is the exhibitor's responsibility to advise the species Superintendent and provide for a substitute to attend in his/her place. The species Superintendent will classify the animals at the time of weigh-in. At the time of judging, should the judge disagree with the classification of an animal, the animal will be removed from the class and be shown in the other breed classification. Should the judge believe that an animal will not grade or should be removed from the show, their decision will be final.

11. Market animals will be officially weighed and graded at the time of weigh-in. Market swine, market lambs and market goats may be weighed on portable scales if necessary. The Superintendent or designated weigh master reserves the right to check the balance of the scales in borderline cases. In a borderline case, the animal will be removed from the scale and must remain in the weigh-in area while the scale is recalibrated. Once the scale is recalibrated, the animal may be reweighed for a final weight. The weigh-in schedule for livestock is tentative, since the number of animals entered determines the time required to complete the weighing process.

12. Market animals that do not meet weight** or grade requirements will be placed in a special (sifted) class and will be judged using the Danish system (blue, red, white awards) and will not be eligible to sell at auction

** See swine declared weight procedures for exception to above.

13. If a 4-H exhibitor is also a member of a FFA chapter in another county that member must choose which county program (Fair) they will show in during the year. If a 4-H exhibitor is also a FFA member they must have their FFA Advisor submit written approval for the individual to show in the Bernalillo County 4-H Fair and not requiring him/her to show in another County Program for a grade. (If the rule is broken the individual will forfeit all sale money)

14. All animals must be shown by their owners in both the judging arena and the sale ring. Failure to show your animal at the prescribed time or make arrangements with the superintendent for a substitute will result in disqualification from that class.

No exceptions will be made except as follows:

- a. The 4-H'er has prior knowledge that they will not be able to participate in the fair. The Fair Board must be made aware of the conflict and approve the exception.
- b. A conflict in scheduling or and emergency (illness, family death, etc.) then it must be approved by the superintendent and/or adult advisor.
- c. The owner has 2 or more animals in the same class.
In any case, arrangements must be made with the superintendents and/or adult supervisor for a substitute.
- d. The owner has a disability preventing conventional means, then adaptations will be developed between parent, exhibitor, show superintendent and extension staff, to enable owner to participate at their fullest capability, without penalty, in the show. No separate class will be made.

15. Project animals must be shown by conventional means of other animals in the show. An adult ring steward will be provided in each show ring to assist exhibitors with control of the animals.

16. Judges of the livestock will offer reasons for placing at the time of judging. Decisions of the judge are final and not subject to protest or appeal.

17. Champion and Reserve champion male and female of each breed in Dairy Goat, Dairy Heifer, Breeding Sheep and Breeding Beef and the Champion and Reserve Champion Market Steer, Market Lamb, Market Goat and Market Swine will be selected if in opinion of the judges they merit this award.

18. Adult handling of livestock will only be permitted for safety reasons or at the discretion of the department adult supervisor. Example: Moving steers from tie up to wash racks.

19. Offspring born to 4-H project animals after the ownership dates specified elsewhere in the book are eligible to be shown in the fair providing the animals meet all department requirements.

20. The total number of entries will determine the number of weight divisions as follows (Market classes):

6 and under.....	All Weights
7 through 12.....	Light and Heavy
13 through 18.....	Light, Medium, and Heavy
19 through 24.....	Light, Medium Light, Medium Heavy, and Heavy
25 and over.....	Light, Medium Light, Medium, Medium Heavy, and Heavy

21. All exhibitors must comply with New Mexico Livestock Board Health regulations that have been or may be issued concerning show animals.

22. Animal Welfare: It is the responsibility of all exhibitors to provide proper and humane care and treatment to animals. Fair Officials reserves the right to disqualify and remove any exhibitor deemed to be in violation of this basic principle of animal.

23. Emergency Treatment: If an animal requires emergency treatment while on Show grounds, a licensed veterinarian will be contacted. In the event the veterinarian is unable to be present to administer aid, the verbally prescribed medication and/or recommended treatment may be administered by no less than (2) Superintendents or (1) Superintendent and an active Livestock Committee member or approved adult 4-H volunteer, with notification to the agent prior to administration of medication and/or treatment. The licensed veterinarian's recommended prescription or treatment shall also be obtained in writing within 2 business days to validate the actions administered.

24. The animal(s) that is/are administered treatments are eligible to show and sell (if qualified) only with the Superintendent's and veterinarian's recommendations. A superintendent's approval to show/sell will not override the vet's opinion.

25. Animals that are administered treatments with a withdrawal or extended elimination time period will not be eligible to go to the processor after auction until such withdrawal period has lapsed.

The animal will be the exhibitor's responsibility to be taken home to care for until the withdrawal time has lapsed. The exhibitor will then be responsible for making arrangements with the buyer to take to the processor.

25. Treatment Cost: All treatment costs are the responsibility of the exhibitor.

Any violation of set forth rules can result in disqualification of the offender from the show and/or sale, and the forfeiture of all awards and sale money, if any, received by the exhibitor.

This code applies to any exhibitor who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. All adult leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Exhibitors and responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the Bernalillo County 4-H Fair. The mission of today's 4-H is to help youth and volunteers in their development through hands-on educational progress, using the knowledge and educational base of land- grant universities. The 4-H mission is accomplished through the direct involvement of youth, adults, and community.

4-H educational programs are designed to enable young people to become independent and participating members of their family and community by creating experiences to build self-confidence, by developing inquiring minds, by encouraging interpersonal cooperation, by developing concern for the community, and by teaching decision-making through real-life participation.

Furthermore 4-H observes Public Law 94-142 which states.

"No Individual, shall solely by reason of handicap, be excluded from participation in or denied the benefits or be subjected to discrimination under any program or activity receiving federal financial assistance."
