

SOUTHWEST DISTRICT CONTEST

ENTOMOLOGY

To provide the opportunity for novice and junior 4-H members to test their knowledge of insect identification.

General Information

Each county is allowed to bring two novice and two junior teams to district contest. A junior team may be composed of both novice and junior 4-H members. A novice team may be novice age contestants only. A team will consist of at least three and no more than four members. The county team score will be the sum of the three highest scores. If a county does not have a team, they may bring individuals in each category. Individuals will compete for high point individual only. Thirty minutes will be allowed for identification.

NOVICE will be required to identify 25 insects by their common name. These are listed on insect identification list for reference. (Novice)

Novice contestants will be required to write the common name of the insect in the space provided on the answer sheet. The insect identification list will be provided to each contestant.

Each correct name is worth 4 points with a total of 100 points possible.

JUNIORS will be required to identify 25 insects by their common name. (at least 10 will be from the novice identification list)

Junior contestants will also identify the type of mouthpart for each insect in the space provided on the answer sheet.

The reference list for Junior participants will be provided to each contestant. Each correct name is worth 4 points with a total of 100 points possible.

Each correct mouthpart is worth 2 points with a total of 50 points possible. 30 minutes will be allowed for identification and 30 minutes for mouthparts.

Tie Breaker

The ties will be broken by consecutively comparing answers to the odd numbered questions on insect identification (1, 3, 5, etc...). If there is still a tie, it will be followed by consecutively comparing answers to the even numbered questions (2, 4, 6, etc...). The tie will be broken at the first identification question where one member has the correct answer and the other the incorrect answer.
