

At Scotts Miracle-Gro we think people are like plants...in the right place you will grow and flourish. Are you an advocate of making the world a more beautiful place by inspiring others, championing new ideas and being intellectually curious? Not afraid to roll up your sleeves and get your hands dirty? If so, then we want you as part of our Scotts family... the world's largest marketer of branded consumer lawn and garden care products!

We're looking for a **Biology Intern** who will join our **Lawns R&D** in **Marysville, OH!**

This position will be based at The Scotts Miracle-Gro world headquarters in Marysville, a suburb of Columbus, OH. Not familiar with Columbus? Visit [columbusregion.com/columbus-2020/](http://columbusregion.com/columbus-2020/)

Our internship program is designed to cultivate the professional growth of students through a dynamic work environment. Over the course of 12 weeks you will work on meaningful projects and have opportunities to learn from industry leaders. We are committed to your development but will also rely on you to bring new knowledge, new ideas and innovation into our organization.

**What you'll do in this role:**

- Assist in the preparation and execution of field, greenhouse and laboratory experiments in support of new product development
- Conduct and/or support experiments focused on turfgrass biology and fertility, input use efficiency, weed ecology, and herbicide/fertilizer interactions as related to the management of weeds in residential turfgrass.

**What you'll need to be successful:**

- Be enrolled in an accredited college or university studying Turf Science/Management, Horticulture, Agronomy, or a related biological science. Those with an interest in pursuing a graduate degree or recently completed a graduate degree are preferred.
- Ability to operate motorized lawn and garden equipment (mowers, utility carts, etc.)
- Possess strong analytical and leadership skills.
- Demonstrate strong written and verbal communication.
- Prioritize collaboration and problem solving.
- Manage multiple tasks and is detailed-oriented.
