

Bull's Bridge Golf Club

Golf Course Management Internship
Observe. Anticipate. Prepare. Execute

The Course:

The Bull's Bridge Golf Club is a private 18-hole facility designed by Tom Fazio and built in 2003. Currently ranked 6th in Connecticut, our goal is to continue to improve every aspect of the course and provide the best golf experience to our members and their guests.

We will challenge, teach and mentor you to succeed in a fast pace, competitive work environment. Successful interns will be prepared for a promotion within our organization or guided through your next career move; utilizing a vast network of top superintendents across the country.

Interns will be a part of various projects:

- Aeration of tees, greens, fairways
- Verticutting/graden of tees, greens, fairways
- Drainage installation
- Irrigation installation
- Re-grassing projects
- Bentgrass management
- Rough Conversions
- Fescue Conversions

Internship:

Learn and experience top-notch day to day operations including:

- All mowing practices
- Course set-up
- Proper watering techniques
- Chemical/fertilizer applications and calibration
- Integrated Pest Management
- Scheduling and planning

Audubon Program:

Take part in the Audubon program at Bull's Bridge learning about the how the golf course supports the flora/fauna of Connecticut.

Compensation:

- \$15/hour plus overtime (50-60 hrs week)
- 2 days off/month in prime season (June-August)
- 3 day weekends from November thru March
- Club will assist with lodging needs; including subsidized rent.
- Golf privileges
- Uniforms
- PGA/USGA Tournament volunteering for interns committing to 4+ months
