

Teaching Plan for Scientific Writing HORT/SOIL/AGRON/EPPWS 525 HORT/SOIL/AGRON 625
Instructors: R.C. Pratt
Semester: Fall 2020

HORT/SOIL/AGRON/EPPWS 625S 525 and HORT/SOIL/AGRON 625 Scientific Writing (3 Credits)

Class will be online, so there will be no contact with students.

1. Lectures. Lecture activities and lecture exams will be planned for online dissemination using Panopto. Lectures will not be meeting in person. The new online practice will eliminate student presence in the building and its vicinity.
2. Writing Exercises. Writing exercises will be posted on Canvas and classmates will edit the exercises. Class instructors will monitor and provide constructive feedback. Manuscript sections and full manuscripts will be reviewed and revised using Microsoft Word and exchanged by submission and exchange on Canvas.
3. Quizzes and Exams. These will be conducted on Canvas.
4. Contact tracing: For contact tracing, student will immediately notify me if they suspect they are ill (fever in excess of 100.4 degrees F, cough, or shortness of breath), or if they are notified that they may have potentially been exposed to COVID-19.
