Good Standing

Members, parents and leaders, do you know exactly what 4-H members need to do to be in "good standing"? Do you know what the "good standing" requirements are? If not, please take a moment to check these out now. Don't wait until before the fair (or other events/activities) when you may not have enough time to meet the requirements.

No December Meeting

Reports:

The Heritage 4-H Club held the October meeting on October 9th at 7pm. Caleb showed a poster on rocketry and Charli talked about Quilting. We learned how to re-enroll online and decided to hold the November meeting on November 13th. We played a game at the end of the meeting where we had to choose a resource; food, water or shelter if we were the quail looking for those resources.

Sewing

An information session for 4-H sewing projects is going to be held on Monday, November 6, 2023, 3:30pm at the Otero County Extension Office. During the information session FCS Agent (Kelly Knight) and our 4-H sewing volunteer leaders will be discussing the format for the sewing sessions to be held at the Otero County Extension Service beginning in November. We will also help 4-H members select projects they would like to sew and help put together their list of supplies needed for their selected projects (notions and fabric).

All Novice, Junior, and Senior 4-H members may participate in the 4-H sewing sessions. After November 6th, 4-H sewing sessions will be held every Monday afternoon (3:00pm-4:30pm) for the months of November and December (except December 25th) at the Otero County Extension Office. A schedule for 2024 4-H sewing sessions will be announced in December. If you would like to participate in the 4-H sewing sessions held at the Extension Office please attend the information session on November 6th so that you may have time to purchase supplies for your project.

Sewing machines will be provided for 4-H members to use or 4-H members may bring their own machines to the sessions. There is no fee for participating. However, 4-H members are responsible for purchasing some supplies such as fabric, thread, patterns, buttons, elastic, etc. All sewing levels are welcome, beginners to advanced. Sewing options include garments, tote bags, aprons, quilts, to name a few. During the November 6th session, we will also discuss community service project ideas to complete as a group effort during the 4-H sewing sessions.

Last 4-H year we had a growing number of 4-H members participating in the sewing sessions. If the numbers continue to grow, we will need more adults to stay and assist 4-H members during the sessions.

Parents are always welcome to attend the sewing sessions and help their child(ren). Parents do not have to be experts in sewing to help, they simply need to be willing to learn and help.

The agent and volunteer leaders will provide direction and assistance to 4-H members during the sessions, but we may need additional adults to attend with their youth. An adult who is an enrolled 4-H leader is welcome to assist any of the 4-H youth. Parents who are not enrolled 4-H leaders may assist their own child(ren) during the sewing sessions. We have 10 sewing machines available each week for sewing. If we have an occurrence of not having enough machines for the number of youth attending the sessions, then we may need to look at requiring 4-H families to RSVP for the sewing sessions.

The purpose of the 4-H sewing project is to provide 4-H youth with a lifetime skill. Youth will learn skills that can save them money throughout their lifetime. They can replace a lost button or sew a seam that ripped open. They will also gain self-confidence, patience, perseverance, problem-solving and they'll have an opportunity to express their creative side through sewing. 4-H'ers will enter their completed sewing items in the Otero County 4-H Achievement Day (usually scheduled in August) and may participate in 4-H Fashion revues (summer months).

Please contact Kelly at the Extension Office if you have any questions regarding 4-H sewing projects, 575-437-0231 or kelknight@nmsu.edu.
