

Ice Cream in a Bag

Ingredients

1 Cup Half & Half (Milk works just as well)

2 tbsp. Granulated Sugar

$\frac{1}{2}$ tsp. Pure Vanilla Extract

Ice

Rock Salt

2 Small Ziplock Bags

1 Large Ziplock Bag

Oven Mitts

Instructions

Mix the milk, sugar and vanilla into one of the small bags and mix. Seal it up and place this bag into another small bag so the salt does not get into your ice cream! Seal it up and place these bags into the large bag. Fill large bag half way with ice and $\frac{1}{3}$ cup of rock salt. SHAKE, SHAKE, SHAKE. Have the kids wear oven mitts if their hands get cold (they will quickly). Shake until firm about 15 minutes. Take out of bags and enjoy!
