

Angelica Gallegos

Name: Angelica Gallegos

Hometown: Las Vegas, NM

School: New Mexico Highlands University

Major: Natural Resource Management

Exp. Graduation Date: May 2019

Email: akgallegos21@gmail.com

About Yourself:

Angelica was born and raised in Las Vegas, NM. She received her Bachelors in Environmental Geology in 2016. She is now pursuing her Masters of Science in Natural Resource Management and New Mexico Highlands University. Her hobbies include hiking, camping, fly-fishing, hunting and anything outdoors. Her love and passion for the outdoors came from her childhood and involvement in FFA agricultural education in high school.

Career Experiences:

- GIS intern with the Trust for Public in Santa Fe, NM.

This position helped to expand skills working with ArcGIS. The project involved creating polygons of parks in all census defined urban areas in the nation.

- Park Ranger/intern at Fort Union National Monument in Watrous, NM. This provided the opportunity to create a geologic outline and brochure of the area as well as develop a geology student outreach program.

Skills:

Microsoft products

Advanced math skills

ArcGIS (ArcMap)

GPS techniques

Great communication

Leadership and public speaking

Self-motivated and hard working

Accomplishments/ Clubs/ other:

NRCT member and ambassador

Climate Change Corps. participant and scholarship recipient.

Plans after Graduation:

After graduation, Angelica plans to immerse herself in a career with the National Park Service as a park ranger. This will give her the opportunity to share the knowledge she has developed throughout her college career with the public in a setting that is not only educational, but fun as well.
